

Declaration of Conformity

G.M. International S.r.l.

declares that here below listed equipment:

D1000 series
D2000 series
T3000 series
PSx1200 series

are protected against environmental contamination by

CONFORMAL COATING

The details of the process are:

Method: Low pressure casting (only for D1000, PSD1000, PSD1001 and PSD1004)

Dip casting (only for PSD1220, PSW1250, PSS1250 and PSM1250)

Equipment used: **Asymtek Model C 740** automatic dispensing machine (only D1000, PSD1000, PSD1001 and PSD1004)

DS103 Dip Coating System (only PSD1220, PSW1250, PSS1250 and PSM1250)

Coating Type: **DOW CORNING 1-2620 LOW VOC**

This process allows the use of our products in environments rated at contaminant Severity Level G3, as defined in ANSI/ISA-S71.04-1985 Standard.
